Pantoprazole in Practice Today: Safety, Clarity, Confidence

Venue: Darjeeling, West Bengal

Date: 22nd - 23th November 2025

Welcome Letter

Dear Doctor,

We are pleased to invite you to a unique Continuing Medical Education (CME) programme titled:

Pantoprazole in Practice Today: Safety, Clarity, Confidence

Date: 22nd November 2025

Venue: Darjeeling, Berhampore, West Bengal

Set against the misty and serene hills of Darjeeling, this CME offers a refreshing academic retreat focused on the **safety, clarity, and confidence** required in Pantoprazole prescribing. The programme is designed to reinforce rational therapy through **updated clinical evidence, real-world case discussions, and peer exchange**.

Through interactive learning, participants will gain greater assurance in aligning prescribing practices with international guidelines, while addressing common myths, monitoring needs, and long-term therapy considerations.

What sets this CME apart is its emphasis on:

- Gaining clarity on Pantoprazole dosing in both short- and long-term care.
- Reviewing safety outcomes related to renal, bone, and vitamin metabolism.
- Addressing myths, misuse, and practical monitoring through peer discussion.
- Building real-world confidence in rational, guideline-aligned prescribing.

Academic Highlights

- Evidence-based clarity on Pantoprazole safety and rational prescribing.
- Case-based discussions from local and real-world physician experiences.
- Practical do's and don'ts for everyday practice.
- Interactive peer learning through structured Q&A and open dialogue.

Wellness Inclusions

- Premium accommodation in the scenic Darjeeling hills.
- Curated dining experiences amidst the cultural ambience of Berhampore.
- Informal networking opportunities with local and regional physicians.

We believe this CME is more than an educational session—it is a **platform for clarity, confidence, and professional growth**, ensuring that safe and effective prescribing becomes part of your everyday practice.

We sincerely look forward to your participation in this **transformative CME experience**.

Warm regards,

Dr. Sunil Pandey

Director – Medical Affairs
CPD Gurukul

Why Attend?

- A scientifically curated CME focused on **Pantoprazole's safety, clarity, and confidence in practice**.
- Real-world case discussions to address myths, misuse, and monitoring.
- 30-minute open forum for interactive **Q&A, peer reflections, and shared learning**.
- Practical guidance on dosing strategies for both short-term and long-term use.
- Professional networking with physicians, gastroenterologists, and internists from across the Berhampore region.

Agenda

▶ **7:00 – 7:10 PM**

Welcome Note

▶ **7:10 – 7:40 PM**

Pantoprazole Today: Safety & Evidence Update

▶ **7:40 – 8:10 PM**

Case-Based Clinical Discussions

▶ **8:10 – 8:30 PM**

Interactive Q&A and Closing Remarks

▶ **8:30 – 9:30 PM**

Dinner & Networking

CPD Significance

This CME on **Pantoprazole in Practice Today: Safety, Clarity, Confidence** is designed to provide physicians with a **comprehensive understanding of Pantoprazole's safety profile and rational use**. With its widespread role in GERD, NSAID prophylaxis, and H. pylori therapy, the programme empowers participants to align prescribing practices with both global guidelines and local patient needs.

The initiative combines **evidence-based learning with case-based clinical reflections**, ensuring clarity in decision-making and confidence in patient care.

Key significance points include:

- **Guideline Integration:** Applying updated safety and dosing clarity in GERD, NSAID prophylaxis, and H. pylori.
- **Confidence in Practice:** Building assurance through real-life physician experiences and local case examples.
- **Safety Evidence:** Reviewing renal, bone, and B12 data for long-term Pantoprazole therapy.
- **Collaborative Learning:** Structured dialogue with peers to address regional challenges and practical solutions.

Limited Seats – Book Early!

Registrations will be accepted on a **first-come, first-served basis**. Early bird pricing will not be extended beyond the deadline.

Registration Fees		
Category	Up to 1 st October, 2025	Spot
Delegate	INR 6,500 inclusive of GST	INR 7,500 + GST
Student	INR 4,000 inclusive of GST	INR 5,000 + GST

Enriched Experience

This CME programme is designed not only to provide **clarity and confidence in Pantoprazole prescribing** but also to offer a refreshing academic and cultural retreat in the **misty hills of Darjeeling, Berhampore, West Bengal**.

- Full CME registration
- Accommodation
- Curated veg/non-veg dining experiences with regional flavors
- Networking opportunities with local and regional physicians

Come for the science. Stay for the confidence.

About CPD Gurukul

CPD Gurukul is a leading educational platform driving excellence in **Continuing Professional Development (CPD)** for healthcare professionals across India.

By combining **evidence-based CME programmes** with **skill-building in leadership, communication, and professional identity**, CPD Gurukul ensures doctors grow not just in medical knowledge but as well-rounded clinicians prepared for today's healthcare challenges.

Our initiatives include:

- Evidence-based CME sessions designed with clinical relevance.
- Advisory board inputs and expert faculty engagement.
- Knowledge-sharing forums fostering peer-to-peer learning.
- Collaborations with hospitals, academic institutions, and medical associations.

Every programme is tailored to **improve patient outcomes, build physician identity, and elevate healthcare delivery standards**.

CPD Gurukul is not just a platform, it is a **commitment to empowering doctors** who can lead, innovate, and inspire responsibly.
